EMPOWERING WOMEN ENTREPRENEURS WORLDWIDE

Empowering Women Entrepreneurs Worldwide is a photography exhibition and campaign that highlights the work of Lendwithcare, an initiative of leading aid and development charity CARE International UK.

Lendwithcare empowers entrepreneurs to work their way out of poverty with dignity, through the provision of micro lending and business skills training in 10 countries. It also allows people in the UK to connect with an entrepreneur in a developing country who needs a loan to support their small business.

The photo essays feature inspiring women from five of the countries where Lendwithcare operates and illustrate how entrepreneurship can lift people out of poverty, providing lasting social change.

This exhibition is part of CARE's wider #March4Women campaign which is a month of action for gender equality, including their annual March in London on Sunday 4 March.

For more information about this free event, please see OXO Tower Wharf's official website.

DISCOVER OXO TOWER WHARF

Oxo Tower Wharf is an award-winning, landmark building situated on the riverside walkway part of London's fast moving South Bank and Bankside areas.

Oxo Tower Wharf is home to some of the UK's most innovative and internationally renowned contemporary designers, restaurants, cafes, bars and exhibition venues galler@oxo and Bargehouse.

The Oxo Tower has been a riverside landmark since the 1930s. During its industrial heyday, it was owned by the makers of the OXO brand and has had numerous and varied uses since. By the 1970s it had fallen into disrepair and was largely derelict. In the 1990s Oxo Tower Wharf entered a new lease of life when Coin Street Community Builders (CSCB) began a major refurbishment project to transform the building into an award-winning mixed-use development of co-operative homes, retail design studios, specialist shops, galleries, restaurants, cafes and bars.
